Firs+Aid

CLEANSER

with Phenol

Step #1 Cleanse

For Minor Cuts, Abrasions and Skin Problems

MATRIX
3 Step System™

16 fl oz (473ml)

Step #1 Cleanse

God is not the author of confusion, but of peace. 1 Corinthians 14:33

CLEANSER *with Phenol*

For wound care as easy as 1-2-3 healed
use **MATRIX 3 Step System**

Veterinarian Recommended

- For minor cuts, abrasions, insect bites and skin problems.
- Sprayer makes it easy to cleanse hard to reach areas. No cross contamination or messy application. Just point and spray.
- Dislodges the crust like scab/exudate caused from tick bites.
- Stream setting flushes away dead & decayed tissue and debris.
- Does not sting or stain, pH balanced.
- Aloe vera is soothing and is shown to contain anti-oxidant components.
- Phenol in dilution is an antimicrobial and topical anesthetic and antipruritic.
- Great for horses, dogs, goats and other livestock (non food intended species only).

Directions: Adjust sprayer to stream setting to flush away dead tissue and debris from the wound site. Do not rinse cleanser. Allow to dry. Follow up by applying Hydrogel Treatment with Phenol and/or Aloe Creme. Also, treat the area extending a couple of inches from the wound. Cleanse wound once a day with Cleanser with Phenol. Continue to cleanse and treat wound daily until wound has healed or as directed by your veterinarian. For large areas with skin problems, try Aloe Shampoo with Phenol.

Ingredients: Deionized Water, Aloe Barbadosensis Leaf Juice, 0.4% Phenol, Sodium Hydroxide.

Warnings: Do not use on cats. Not intended for human use. Keep out of reach of children. Avoid contact with eyes. For external use only.

Step #2 Treat

Give, and it shall be given unto you. Luke 6:38

HYDROGEL-TREATMENT *with Phenol*
For wound care as easy as 1-2-3 Healed
use **MATRIX 3 Step System**

Veterinarian Recommended

- Spray-on hydrogel clings to wound.
- Aloe is shown to contain anti-oxidant components.
- Contains soothing Aloe vera and Allantoin.
- Phenol in dilution is an antimicrobial and topical anesthetic and antipruritic.
- Quick and easy to use! Does not sting or stain.
- Sprayer makes it easy to treat hard to reach areas. No cross contamination or messy application. Just point and spray!
- Great for horses, dogs, goats and other livestock (non food intended species only).
- Excellent for Hot Spots.

Directions: Cleanse the wound once a day with Step 1 Cleanser with Phenol. Then saturate the wound with Step 2 Hydrogel Treatment with Phenol at least twice a day. Follow up if needed by applying Step 3 Aloe Crème in a sterile manner. Also, spray the area extending a couple of inches from the wound. Follow up if needed by applying Step 3 Aloe Crème in a sterile manner once the treatment has been absorbed.

Ingredients: Deionized Water, Aloe Vera Gel, Carbomer, Phenol 0.4%, Sorbitol, Allantoin, Triethanoinamide.

Warnings: Do not use on cats. Not intended for human use. Keep out of reach of children. Avoid contact with eyes. For external use only.
