

Saddle SOAP

Glycerin Bar

For Use On

All smooth leathers, boots, shoes, saddles, bridles and large leather items.

Product Advantages

- Removes embedded dirt and sweat, leaves leather supple with a soft luster
- Great for maintaining new leather and renewing old or neglected leather

Directions for Use

First remove all dust and dirt with a soft brush or rag. Using a damp sponge or microfiber cloth, work Saddle Soap into the leather until foam disappears. Allow leather to dry. Buff to a luster with soft cloth.
