

SYNERGIZED Permethrin 1%

POUR-ON INSECTICIDE

Indications:

For use on lactating and nonlactating dairy cattle, beef cattle and calves to control lice, horn flies, face flies.

Aids in control of stable flies, house flies, mosquitoes and black flies.

For use on sheep to control sheep keds and lice.

Can be applied in and around horse, beef, dairy, swine, sheep and poultry premises, animal hospital pens, kennels, and outside meat processing premises to control house flies, stable flies, face flies, gnats, mosquitoes, black flies, fleas, little house flies (*Fannia* spp.). Aids in control of cockroaches, ants, spiders, crickets.

Active Ingredients:

Permethrin.....1.0%

Piperonyl Butoxide, Technical.....1.0%

Directions for Use:

For Cattle and Calves: Apply ½ fl. oz. (15 cc) per 100 pounds of body weight of animal up to a maximum of 5 fl. ozs. for any one animal.

Pour-On: Pour correct dose along back and down face.

Ready-To-Use Spray: Use undiluted in a mist sprayer to apply correct dose. Apply directly to neck, face, back, legs and ears. Avoid spraying into eyes.

Back Rubber Use: Mix one pint per gallon #2 diesel or mineral oil. Keep rubbing device charged. Results improved by daily forced use.

Wipe-on: Wet a soft cloth with product and wipe around face and hard to reach areas while avoiding sensitive areas such as eyes.

Pour Along Back: Apply ¼ fl. oz. (7.5 cc) per 50 pounds body weight of animal, up to a maximum of 3 fl. ozs. for any one animal. For optimum control, all animals in the flock should be treated after shearing.

For use as a ready-to-use spot spray or premise spray, use undiluted in a mist sprayer. Apply directly to surface to leave a residual insecticidal coating, paying particular attention to areas where insects crawl or alight. Spot treatments must not exceed two square feet in size (for example, 2 ft. by 1 ft. or 4 ft. by 0.5 ft.).

One gallon will treat approximately 7,300 square feet.

See product label for full information.

For Use On:

Beef cattle, lactating and non-lactating dairy cattle, calves, sheep, and premises

Product Benefits:

- Synergized formula
- Ready-to-use
- Broad spectrum insect control
- Oil based for application anytime of year
- Convenient Application Methods: Pour-On, Ready-To-Use Spray, and Backrubber
- Economical to use
