SDS Exemption Letter

To Whom It May Concern:

This letter is in response to your request for a Safety Data Sheet (SDS) for products supplied to you by PETIQ. PETIQ is not required to supply SDSs for the products requested under the federal Occupational Safety and Health Act (OSHA), Hazard Communication Standard (HCS) (29 C.F.R. § 1910.1200). SDSs for drugs, cosmetics, consumer products or hazardous substances are not subject to the SDS or labeling requirements of OSHA's Hazard Communication Standard.

Under the applicable federal OSHA Hazard Communication Standard, PETIQ is exempt from supplying SDSs for "drugs which are packaged by [PETIQ] for sale to consumers in a retail establishment." 29 C.F.R. § 1910.1200(b)(6)(vii). Pursuant to these regulations, drugs are defined under the Federal Food, Drug, and Cosmetic Act as, "articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals." 21 U.S.C. § 321(g)(1)(B).

Based on this exemption under the federal OSHA Hazard Communication Standard, SDSs are not required for the product(s) requested. Product labels provide health cautions appropriate for the product in question and should be consulted for any concerns. If you have any questions regarding this issue, please do not hesitate to contact us.

Best Regards,
PETIQ
