

Uterine Bolus

Proteolytic

Indications:

A non-medicated urea bolus for use as an antiseptic and proteolytic aid in dairy cattle, beef cattle and sheep.

Approved For Use On:

Cattle and Sheep.

Product Advantages:

- Antiseptic Aid - helps inhibit and control bacterial growth at infection sites.
- Proteolytic Aid - helps reduce tissue proteins to more soluble forms.
- Flexible Use - ready to use as boluses or for flush
- Convenient Dosage - premeasured boluses for easy, convenient dosing levels.

Active Ingredient:

Each bolus contains:
Urea 13.4 g

Feeding Recommendations:

FOR INTRAUTERINE OR TOPICAL USE ONLY.

1. Insert the boluses directly into the uterus or dissolve in 16 oz. of warm water for preparation of an intrauterine flush.
2. CATTLE: 2-4 boluses
3. SHEEP: 1/2 - 1 bolus
4. Topical application for flushing wounds: Dissolve 4 boluses in 16 oz. of warm water. Repeat the treatment in 24 - 48 hours if necessary.

Packaging:

50 boluses per jar, 12 jars per case
